

I May Have a TV Problem

Created by [Kaitlin](#) - Updated on June 19th 2019

There's a lot of internet acreage being dedicated to the new Golden Age of Television. Regardless of the why, how, and who, the result is a lot of my time being dedicated to watching the new Golden Age of Television. Fandom loves company, so check out these first season selections to get your journey started.

The Good Place. Complete first season

From the Publisher

The show follows Eleanor Shellstrop, an ordinary woman who enters the afterlife and, thanks to some kind of error, is sent to the Good Place instead of the Bad Place, which is definitely where she belongs. While hiding in plain sight from Michael, the wise architect of the Good Place who doesn't know he's made a mistake, she's determined to shed her old way of living and discover the awesome, or at least the pretty good, person within.

My Thoughts

Kristen Bell and Ted Danson are national treasures.

Star trek discovery. Season one

From the Publisher

The first season in this series is an odyssey that unfolds a decade before the era of Star

My Thoughts

Disco has very different tone and style to the

Trek, the Original Series.

other Star Trek series

The great British baking show. Season 1

From the Publisher

Follow the trials and tribulations of passionate amateur bakers whose goal is to be named the U.K.'s best. Each week, the bakers tackle a different skill, the difficulty of which increases as the competition unfolds, judged by Mary Berry and Paul Hollywood.

My Thoughts

I cannot stop watching them watch their ovens. It's the best of humanity.

The handmaid's tale. Season one

From the Publisher

A religion-based autocracy has taken over most of the United States, renaming the country Gilead. In this country women are second-class citizens. Anyone trying to escape is punished. One such person is June, who is captured while trying to escape with her husband and child and is sentenced to be a handmaid, bearing children for childless government officials. As a handmaid, June is renamed Offred.

My Thoughts

Super addicting but not for the faint of heart.

Westworld. Complete first season

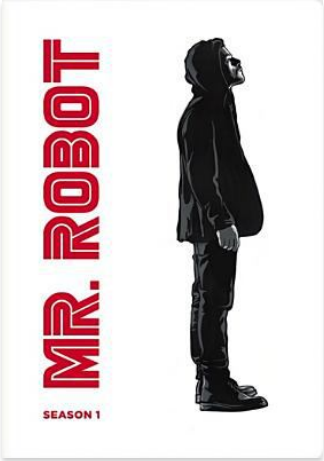

From the Publisher

My Thoughts

The one-hour drama series is a dark odyssey about the dawn of artificial consciousness and the evolution of sin. Set at the intersection of the near future and the reimagined past, it explores a world in which every human appetite, not matter how noble or depraved, can be indulged. No rules, no laws, no judgment. Live without limits.

"Dark odyssey" might be underselling it.

Mr. Robot. Season 1

From the Publisher

Enter the "completely captivating" world of Mr. Robot. Cyber-security engineer by day and vigilante hacker by night, Elliot finds himself at a crossroads when the mysterious leader of an underground hacker group recruits him to destroy the firm he is paid to protect. Compelled by his personal beliefs, Elliot struggles to resist the chance to take down the multinational CEOs he believes are running (and ruining) the world.

My Thoughts

So intense.

VEEP. The complete first season

From the Publisher

Former Senator Selina Meyer was a charismatic leader and a rising star in her party with her eye on the White House, then she became Vice President. VEEP follows the whirlwind day-to-day existence of Vice President Meyer as she puts out political fires, juggles a busy public schedule and demanding private life, and defends the President's interests, even as she tries to improve her dysfunctional relationship with the Chief Executive.

My Thoughts

Brilliant! I am such a pushover for Julia Louis-Dreyfus.

30 Rock. Season 1

From the Publisher

My Thoughts

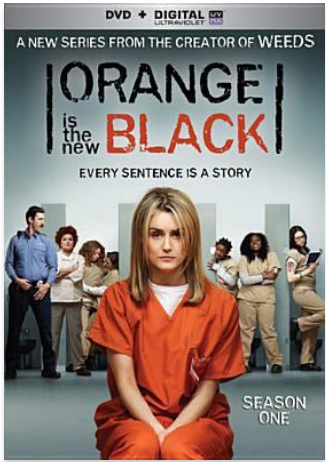

From the Publisher

Liz Lemon is the head writer of a live variety program in New York City. Liz's life is turned upside down when brash new network executive Jack Donaghy interferes with her show, bring the wildly unpredictable Tracy Jordan into the cast. Now it's up to Liz to manage the mayhem and still try to have a life.

My Thoughts

I might also be a pushover for Tina Fey... and Alec Baldwin.

Orange is the new black. Season one

From the Publisher

Follows Brooklynite Piper Chapman, whose wild past comes back to haunt her and results in her arrest and detention in a federal penitentiary. To pay her debt to society, Piper trades her comfortable New York life for an orange prison jumpsuit and finds unexpected conflict and camaraderie amidst an eccentric group of inmates.

My Thoughts

Piper is the worst. The ensemble is the best!

Doctor Who. Season 5 BBC

From the Publisher

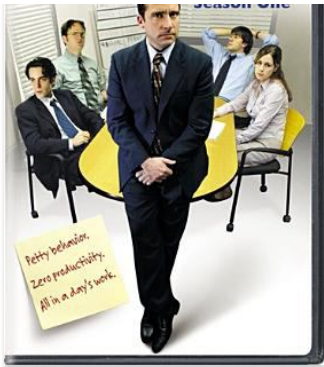

After his explosive regeneration, the Eleventh Doctor awakes to discover his TARDIS is about to crash. After falling from the sky, he pulls himself out of the wreckage to come face-to-face with young Amy Pond. The Doctor promises to take Amy to the stars. But first they must divert an alien plot that could destroy the Earth. The Doctor makes good his promise, and Amy boards the regenerated TARDIS, ready to take to the stars on a series of wild adventures that will change her life.

My Thoughts

I know I said first seasons and this is season five of the reboot, but it is Matt Smith's first season and the first one I watched in its entirety so I'm including it. You can be sensible and start with season one and Christopher Eccleston.

The office. Season one

From the Publisher

Based on the popular British series of the same name, the American version follows the daily interactions of a group of idiosyncratic office employees at the Scranton, Pa. office of the Dunder Mifflin paper supply company via a documentary film crew's cameras. Features earnest, but clueless, regional manager Michael Scott, who believes himself an exceptional boss, and his office staff, who tolerate Michael's inappropriate behavior only because he signs their paychecks.

My Thoughts

Because you know, sometimes I'll start a sentence and I don't even know where it's going. I just hope I find it along the way.

Unbreakable Kimmy Schmidt. Season one

From the Publisher

Rescued after fifteen years in an underground doomsday cult, Kimmy decides to rebuild her life in New York City armed with only a fifth-grade education and a firm belief that truly anything is possible. She quickly finds a roommate, Titus Andromedon, a job working for a spoiled Manhattan mom, Jacqueline Voorhees, and a new beginning.

My Thoughts

After "The Office" you clearly need more Ellie Kemper plus you get the hit of Tituss Burgess that you never knew you needed and now can't live without.

Big little lies

From the Publisher

The apparently perfect lives of three mothers of first graders unravel to the point of murder.

My Thoughts

Regardless of your feelings on the book was better debate, the music is incredible.

Game of thrones. The complete first season HBO

From the Publisher

Set in a world where summers span decades and winters can last a lifetime. From the scheming south and the savage eastern lands, to the frozen north and ancient Wall that protects the realm from the mysterious darkness beyond, the powerful families of the Seven Kingdoms are locked in a battle for the Iron Throne. This is a story of duplicity and treachery, nobility and honor, conquest, and triumph. In the Game of Thrones, you either win or you die.

My Thoughts

Re-watching is great.

Empire. The complete first season

From the Publisher

After music mogul Lucious Lyon is diagnosed with a potentially fatal disease, he must choose which of his three sons will succeed him at the legendary Empire entertainment company. The game changes when ex-wife Cookie returns from prison. This groundbreaking series features a pulsating soundtrack from legendary music hit maker Timbaland.

My Thoughts

There is nothing like a dynasty at stake to create good addicting drama.
