

Pick up and return your books, movies, and other materials using our contactless curbside pickup service, drive-thru window, and walk up or drive-up returns boxes.

No cell phone? Customers on foot, bike, or riding the bus can call from home before you visit the library, and we'll place your items on a walk-up table out front.

The health and safety of library staff and customers is of the highest importance. We are complying with all safety requirements from the State. All returned books and materials are quarantined for 72 hours; they will remain checked out to your account during this time.
