About Friends of Mid-Columbia Libraries

We are a 501 (c)(3) non-profit citizen's group that believes in the importance of books and libraries for our communities in the Mid-Columbia.

We support the growth of library services and encourage the use of the library as a community learning center.

We contribute books and materials to help develop the library collection, we fundraise through book sales, and we give financial gifts to help advance library services.

Our Fundraising Focus

We raise money to benefit Mid-Columbia Libraries through book sales, donations, and sponsorships.
